Dear all,

Indian College of Critical Care Medicine (ICCM), the academic wing of Indian Society of Critical Care Medicine (ISCCM) has successfully organized webinars since 2012. Our earlier webinars are now available for viewing through our website www.isccm.org.

The first three webinars in 2015 held in April 2015 (Ultrasound in Critical Care), May 2015 (Obstetric Critical Care) and June 2015 (Antimicrobials: When, What & How?) were well appreciated. More than 1000 centers logged in and several of them had multiple participants viewing & benefiting from the program.

We are now pleased to announce a 4th Webinar in our 2015 series. This would focus on “APPROACH TO TROPICAL INFECTIONS IN ICU.” Dr Dhruva Chaudhry will coordinate and moderate the program which will be webcast from University of Health Sciences, Rohtak (Haryana). Please see below the details of the program:

**Date:** July 25, 2015 (Saturday)

**Time:** 2 pm to 5 pm

**Topic:** APPROACH TO TROPICAL INFECTIONS IN ICU

**Moderator:** Dr Dhruva Chaudhry

**Faculty:**

Dr Dhruva Chaudhry

Prof. T.D. Chugh

Dr Neetu Jain

Dr Atul Sachdeva

Dr Ashish Bhalla

Dr Sushila Kataria

Dr Sanjay D’Cruz

**Topics:**

1. Approach to Tropical Fever
2. Laboratory Diagnosis of Tropical Infections
3. Fever with ARDS
4. Tropical Jaundice
5. Acute Febrile Encephalopathy
6. Fever with MODS/Thrombocytopenia
7. Fever with renal failure

Please plan to join us on July 25, 2015 (Saturday) from 2 pm to 5 pm. We are confident that this program will be of value for all practicing Intensivists, teachers and students.
